MAJOR CODES (MAJOR_MINOR_ID)

The following is a listing of all currently-active major codes. A major code may refer to a primary major, an additional major, a minor, or a combination of the three. They are identified in SDW by the MAJOR_MINOR_ID field. In the table below, an X appears in the applicable column(s) for each major to identify whether it can be used as a primary major, an additional major, or a minor.
