

APPLICATION FOR IRB REVIEW OF RESEARCH INVOLVING HUMAN SUBJECTS

(Not for exempt research)

Please complete this application as thoroughly as possible. Your application should include the following:

1. A consent form using the current CMU template that the participants and/or parent/guardian will be required to sign.
2. A copy of any questionnaires, surveys, images, de-briefings that will be used.
3. A copy of any recruitment documents (including advertisements, flyers, letters, invitations, email) to be used;
4. A copy of the training certificates for all individuals working on the research unless they are on file with the CMU IRB. Training is available at: <http://www.citiprogram.org>. See the [IRB website](#) for details.
5. If the PI is a student, the faculty advisor must submit a Faculty Advisor Assurance Form.

Please email all documents to irb-review@andrew.cmu.edu. For assistance call CMU Research Compliance @ 412-268-5460 or email irb-review@andrew.cmu.edu. Additional information and templates are available at <http://www.cmu.edu/osp/regulatory-compliance/human-subjects.html>

5. Protocol Description	
Provide, in lay terms, a summary of your proposed study as outlined below. You may attach the protocol to this form if you like.	
Purpose of the study. See Attached	
Describe the research procedures (include the activity, location and time required of the participant). See Attached	
Who will be asked to participate? See Attached	
Will questionnaires or surveys be used? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	
Will tasks be done on a computer? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, how will the tasks be accessed? <input type="checkbox"/> Remotely via the internet? <input type="checkbox"/> In the research lab? <input type="checkbox"/> Other, please explain:	
Will deception be used? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If yes, describe how participants will be debriefed. Please include the debriefing material and/or script.	
Will the research be conducted on the CMU campus? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If no, please indicate the location(s). <i>If applicable, please attach documentation of permission to conduct research in private, non-CMU space.</i>	
6. Participants	
Will any of the following classes of vulnerable subjects be involved in the proposed study? (check all that apply)	
Class	Comments
Pregnant women, human fetuses <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No <input type="checkbox"/> Pregnant women will not be specifically included or excluded. (See http://www.hhs.gov/ohrp/humansubjects/guidance/45cfr46.htm , research that is incidental to pregnancy and has no risk to the fetus can only include pregnant women if ALL aspects of Subpart B are met.)	
Neonates <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	

Prisoners ☐ Yes ☒ No

Children ☐ Yes ☒ No

Individuals with compromised mental status ☐ Yes ☒ No If yes, indicate how this will be determined.

Will the participants be capable of understanding the nature of the study and the consent process? ☒ Yes ☐ No

If no, explain.

What is the age range of participants in the proposed study? 17-25 years old

How many participants are needed for the study? 2000

How was that number determined? This should represent a reasonable number for the traffic flow of students on campus who would pass by the described locations in the protocol. This amount of data will allow us to estimate the travel patterns of the student body of Carnegie Mellon on campus.

What do you estimate the ratio of males to females be? 6:4 Will this be reflective of the local population? ☒ Yes ☐

No Will you target a certain population? ☒ Yes ☐ No Please explain See Attached

What do you estimate the percentage of minorities will be? 59%

Please list inclusion and exclusion criteria. See Attached

7. Participant Recruitment

Describe how participant recruitment will be performed. Include how and by whom potential participants are introduced to the study. See Attached

Check all boxes below that apply.

☐ CMU directory ☐ Postings, Flyers ☐ Radio, TV

☐ E-mail solicitation Indicate how the email addresses are obtained:

☐ Web-based solicitation. Specify sites:

☒ Participant Pool. Specify what pool: Carnegie Mellon Students walking on campus between the hours of 7:30 am to 9:00 pm, Monday through Friday.

☐ Other, please specify:

Please attach any recruiting materials you plan to use and the text of e-mail or web-based solicitations you will use.

8. Consent

Do you plan to use consent forms? ☐ Yes ☒ No

If no, you must complete the section below on waiver of informed consent.

If yes, describe how consent will be obtained and by whom.

If participants are minors will assent forms be used? ☐ Yes ☒ No If No, please explain. The study does not intend to

survey minors and will therefore not involve this aspect of consent. If one is selected for the study we will inform

them they unfortunately cannot participate and select another student.

Will the consent form be presented on paper or online? ☐ Paper ☐ Online

Are you requesting to use a consent format that is different from the CMU model consent? ☐ Yes ☐ No

If yes, please explain.

Are you requesting a waiver of informed consent? ☐ Yes ☒ No

If yes, please explain how each of the elements listed apply to your study:

1. The research involves no more than minimal risk to the subjects;
2. The waiver will not adversely affect the rights and welfare of the subjects;
3. The research could not practicably be carried out without the waiver and ;
4. Whenever appropriate, the subjects will be provided with additional pertinent information after participation.

Are you requesting a waiver of written documentation (signed) of informed consent? ☒ Yes ☐ No

If yes, please answer the following questions.

1. Will the only record linking the participant and the research be the consent document and the principal risk to the participant harm would be from breach of confidentiality? ☒ Yes ☐ No
2. Do you consider this a minimal risk study that involves no procedures for which written consent is normally required

outside of research? ☒ Yes ☐ No

9. Risks and Benefits

Will participants receive intangible benefit from the study? ☐ Yes ☒ No

Discuss the direct and indirect benefits to participants. There are not direct benefits for the individuals. One indirect benefit is the availability of information about where students tend to walk on campus so that if a person desires, they can place themselves in ideal situations where they advertise for something.

Discuss the risks to participants. The participants will be asked to give information about their major and other similar information. There will be no physical or psychological risks to participants.

Discuss how any risks will be managed and/or minimized. The information that the individuals give up will be kept confidential since all members of the team have taken the CITI course and will abide by all ethical standards.

If deception is involved, please explain.

Indicate the degree of physical or psychological risk you believe the research poses to human subjects (*check which one applies*).

☒ Minimal Risk: A risk is minimal where the probability and magnitude of harm or discomfort anticipated in the proposed research are not greater, in and of themselves, than those ordinarily encountered in daily life of during the performance o routine physical or psychological examinations or tests.

☐ Greater than Minimal Risk: A risk is greater than minimal where the probability and magnitude of harm or discomfort anticipated in the proposed research are greater than those ordinarily encountered in daily life or during the performance of routine physical or psychological examinations or tests.

Describe how the study fits in this risk level. Students will be asked simply about some general academic information

that will be kept confidential by the group members.

10. Participant Compensation and Costs

Are participants to be compensated for the study? ☐ Yes ☒ No If yes, what is the amount, type and source of funds?

Amount:

Source:

Type (gift card, cash):

Will participants who are students be offered class credit? ☐ Yes ☒ No

Are other inducements planned to recruit participants? ☐ Yes ☒ No If yes, please describe.

Are there any costs to participants? ☐ Yes ☒ No If yes, please explain.

Will you compensate participants for injury resulting from participation? ☐ Yes ☐ No ☒ NA If yes, please describe.

11. Confidentiality and Data Security

Will personal identifiers be collected? ☐ Yes ☒ No

Will identifiers be translated to a code? ☐ Yes ☐ No

Will recordings be made (audio, video)? ☐ Yes ☒ No If yes, please describe.

Is the information so sensitive that you will obtain a certificate of confidentiality from NIH? ☐ Yes ☒ No

Who will have access to data (surveys, questionnaires, recordings, interview records, etc.)? The principle investigator and all of the co-investigators. Professor Junker will also have access to the data.

Describe how you will protect participant confidentiality and secure research records (Will they be stored on a secure computer, locked cabinet, etc?). The data will be stored on secure computers and never open to public viewing by anyone aside from the principle investigator and the co-investigators.

Describe your process for monitoring data to ensure that study goals are met. (Review of lab notebooks, meetings to review data, etc.) We will make checks on the data as a group of at least two members to go over responses and insure that the data is considered reasonable and there are no answers which have been incorrectly coded into the data files.

12. Conflict of Interest

Do you or any individual who is associated with or responsible for the design, the conduct of or the reporting of this research have an economic or financial interest in, or act as an officer or director for any outside entity whose interests could reasonably appear to be affected by this research project: ☐ Yes ☒ No

If yes, please provide detailed information to permit the IRB to determine if such involvement should be disclosed to potential research subjects.

13. Cooperating Institutions

Is this research being done in cooperation with any institutions, individuals or organizations not affiliated with CMU?

☐ Yes ☒ No If yes, please list and describe their role.

Have you received IRB approval from another IRB for this study? ☐ Yes ☒ No ☐ Pending

If yes, please attach a copy of the IRB approval.

If applicable, please provide the name(s) and address(es) of all officials authorizing to access human subjects in cooperating institutions not affiliated with CMU.

Please attach documentation of approval.

Principal Investigator's Assurance Statement for Using Human Subjects in Research

I certify that the information provided in this IRB application is complete and accurate.

I understand that as Principal Investigator, I have ultimate responsibility for the conduct of IRB approved studies, the ethical performance of protocols, the protection of the rights and welfare of human participants, and strict adherence to the studies protocol and any stipulations imposed by Carnegie Mellon University Institutional Review Board.

I understand that it is my responsibility to ensure that the human participants' involvement as described in the funding proposal(s) is consistent in principle, to that contained in the IRB application. I will submit modifications and/or changes to the IRB as necessary.

I agree to comply with all Carnegie Mellon University policies and procedures, as well as with all applicable federal, state, and local laws, regarding the protection of human participants in research, including, but not limited to:

- Ensuring all investigators and key study personnel have completed human subjects training program;
- Ensuring protocols are conducted by qualified personnel following the approved IRB application;
- Implementing no changes in approved IRB applications or informed consent documents without prior IRB approval in accordance with CMU IRB policy (except in an emergency, if necessary to safeguard the well-being of a human participant, and will report to the IRB within 1 day of such change);
- Obtaining the legally effective informed consent from human participants or their representative, using only the currently approved date-stamped informed consent documents, and providing a copy to the participant.
- Ensuring that only IRB-approved investigators for this study obtain informed consent from potential subjects.
- Informing participants of any relevant new information regarding their participation in the research that becomes available.
- Promptly reporting to the IRB any new information involving risks to research participants, including reporting to the IRB, Data Safety and Monitoring Boards, sponsors and appropriate federal agencies any adverse experiences and all unanticipated problems involving risks to human subjects or others that occur in the course of the research.
- If unavailable to conduct research personally, as when on sabbatical leave or vacation, arrangements for another investigator to assume direct responsibility for studies will be made through modification requests to the IRB;
- Promptly providing the IRB with any information requested relative to protocols;
- Promptly and completely complying with IRB decisions to suspend or withdraw approval for projects;

- Obtaining Continuing Review approval prior to the date the approval for a study expires (approval for the study will automatically expire);
- Maintaining accurate and complete research records, including, but not limited to, all informed consent documents for 3 years from the date of study completion;
- Informing the CMU IRB of all locations in which human participants will be recruited for protocols and being responsible for obtaining and maintaining current IRB approvals/letters of cooperation when applicable;
- Complying with federal, state and local laws and regulations and sponsor terms and conditions; and
- Complying with CMU policies on the responsible conduct of research.
