

## 36-303: Surveys, Sampling and Society

### Choosing Office Hours

1. Professor Junker is always available right after class to answer questions. He is also available by appointment (brian@stat.cmu.edu; 412-268-8874).
2. Jionglin Wu is the TA for this class. Please put a checkmark below next to each office hour you **could make at least 1/2-hr of** if you have questions about homework etc. (*Note that calculation-style homework will typically be due on Thursdays.*)
