

## Homework #2

36-490, Undergraduate Research  
Cosma Shalizi & Brian Junker

Due Friday, 29 January 2010 by 5 pm

1. Read the handout “Writing About Projects” (available on the course website).
2. After your group has been assigned assigned a project, your first task as a team is to pool together — and add to — your individual descriptions of your team’s project, to produce a description that follows the suggestions of the handout. Use as much space as necessary.

We expect everyone to participate, and the final document should end with “Everyone in the group read and approves this description”, followed by your signatures.

Submit the signed report in hard-copy to Prof. Shalizi’s mailbox in Baker Hall 232 by Friday the 29th at 5 pm.

3. Arrange for your group to meet with your investigator at their earliest convenience. One member of each group is responsible for e-mailing Prof. Shalizi the time and place of the appointment as soon as it is arranged, but in any case no later than 5 pm on Wednesday the 27th.
