

Create a .ps file in the usual way (latex, then dvip). Create a pdf file using ps2pdf or distill. The link will be “active” in the pdf file.

My web site for [Books and Music](#) is here. Try it out!

The direct web address is <http://www.stat.cmu.edu/~hseltman/BookMusic.html>.

More info on pdf hyper-references is at

<http://www.tug.org/applications/hyperref/manual.html>.
